## THE VISION QUEST

The Vision Quest is one of the most powerful and enduring experiences which is available to us in our contemporary society. It is an opportunity to step outside of all the routines of everyday life and see one's self and one's life through a new set of lenses. Drawing upon the ritual and traditions of indigenous cultures from around the world, and framed by the spiritual landscape of Australia, the Spirit of the Earth Medicine Society [SOTEMS] takes each participant into the wilderness to encounter the opening of a personal, spiritual pathway, a cleansing and renewal so that each may return regenerated. There are few opportunities like this within our contemporary society wherein we can step out of everyday life and submit ourselves to a process which clears our horizons. It is a peerless experience.

*The Vision Quest involves:*

- A meditation in nature, alone, within a medicine wheel
- It occurs in a place which speaks to you and you alone
- It spans three days and three nights
- It requires the discipline of fasting and diminished sleep
- It involves facing the east each morning as the sun crosses the horizon so that Spirit may speak and renew you
- You are given songs and meditations which enrich and focus your vigil and search
- It begins and ends with the traditional purification of the sweat lodge ceremony
- There is the opportunity to share your story and to have your personal needs for integration of the experience met.
- It is, overall, a ceremony of transition and renewal
- For one week before the quest proper begins, you will be required to do daily meditations. Once you are registered for the quest, the details of these practices will be supplied to you.

Throughout and beyond the vigil, you are supported by highly trained personnel from SOTEMS, the Spirit of the Earth Medicine Society.

***The Vision Quest leader:***

Dr. Rafael Locke, the Ceremonial Leader of SOTEMS, who is an initiated shaman and medicine person and who has worked with healers and shamans in many cultures. He has been conducting Vision Quests for over 30 years.

Dr. Locke will be assisted by trained SOTEMS personnel.

## THE LOCATION

The Vision Quest is held in wilderness areas so that there is no contact with the circumstances of everyday life and immersion in Nature is maximized. Care is taken to select an area which does not cause any distress for Aboriginal people. This year, the Quest will be held near Alice Springs in a beautiful natural setting. Participants should arrange to travel to Alice Springs where they will be met and transported to the Quest location. It is best to arrive the day before the Quest begins.

Upon enrolment, a package of information will be sent which covers:

1. Preparation for the Quest;
2. What you should bring;
3. Travel and meeting arrangements;
4. Follow up arrangements;
5. A request for information on your personal health status and needs
